Remember how the last time we talked, I said that I was participating in the Script Frenzy to write the remainder of When In Ravenholm? Well, Script Frenzy just finished and [I totally did that](#)

Now I've got over a hundred pages of script to work from. After having a chance to read it over, some of the script looks really good but a lot looks like an idiot rushed through it in 30 days. So some editing will be required before I start making semi-regular posts again, but my regular readers (all two of you) will be the first to know when that time comes!
